FRANCE AT YOUR DOORSTEP

A celebration of French culture, the Bastille Day French Festival has something for everyone including French products, food and drinks, conferences, workshops, live performances, masterclasses and an art exhibition, a kids' area and great raffle prizes to be won.

Now in its third year, this popular Festival brings together all the major French-Australian associations in Victoria and

attracts the Francophone and Francophile populations of Melbourne.

In 2017, the Festival will be presented by Victoria's oldest French Australian association, the Alliance Française de Melbourne, founded in 1890.

Come along for some French fun and festivities and celebrate Bastille Day in Melbourne.

MESSAGE FROM H.E CHRISTOPHE PENOT AMBASSADOR OF FRANCE TO AUSTRALIA

Moving to a new country is always a source of trepidation and excitement and I look forward to my tenure as Ambassador of France in Australia. It gives me great pleasure to celebrate the French National Day in Melbourne and to officially open the third edition of its Bastille Day French Festival. I look forward not only to tasting the various delicacies on offer at the Festival, but also to attending a few of the very interesting conferences that the Festival has on offer. I congratulate the organising team for a wonderful program. Melburnians have welcomed me with great warmth and I look forward to coming here often in the next few years. In the meantime, Joyeuse Fête Nationale to you all!

MESSAGE FROM ROBERT DOYLE THE LORD MAYOR OF MELBOURNE

The City of Melbourne is proud to support the Bastille Day French Festival 2017.

The Bastille Day French Festival promises Melburnians and visitors a taste of all things French including a 'French Market' providing some of the finest French wines and mouth-watering cuisine.

Melbourne's Iconic Meat Market in North Melbourne will host the two day event which will include a program of family-friendly activities, interesting conferences and musical talent to commemorate the French language, food and culture.

I invite you to enjoy the Bastille Day French Festival in one of the world's great cultural capitals.

Thinking Beyond

Our vision is to provide students with high quality teaching and learning programs that promote curiosity and cooperation, creating thinking and aspiring young people.

French Binational Program and Languages

We are the only Victorian secondary school with full accreditation from the French Ministry of Education for its French Binational Program. This is an exemplary select-entry bilingual program, where students take their core subjects in French and the Arts, Technologies, Physical Education and Health in English.

Students outside the Binational Program have the choice of studying French or Chinese at a Beginners or Advanced level from Year 7, and all students have access to Spanish from Year 8.

Select Entry Accelerated Learning program (SEAL)

An accredited member of The Academy of SEAL Schools, our program provides highly capable students with the opportunity to complete Year 7-10 in three years instead of four.

Science Technologies Engineering and Mathematics focus (STEM)

Our STEM program has a focus on innovative investigations using an inquiry-based process. Students have access to a wide range of learning opportunities both in class and as part of our extensive extra-curricular program, such as Coding and Robotics.

We invite you to book a tour to find out more. Please visit our website for details.
